

PETROX
CORPORATION

THE BUSINESS COMPANY PROFILE

PETROX CORPORATION is a leading energy company dedicated to excellence in the oil and gas sector. With a robust presence in exploration, drilling, refining, and distribution, we are committed to delivering high-quality petroleum products while prioritizing sustainability and innovation. Our operations span several countries, where we focus on building strong partnerships and implementing cutting-edge technology to enhance efficiency and reduce environmental impact. As we continue to expand our portfolio, **PETROX CORPORATION** remains steadfast in its mission to provide reliable energy solutions that empower communities and drive economic growth.

PETROX
CORPORATION

About Company

PETROX CORPORATION is a leading energy company, known for its comprehensive presence across the oil and gas value chain. With operations spanning exploration, production, refining, and distribution, **PETROX CORPORATION** plays a pivotal role in delivering energy solutions to markets around the world. Headquartered in Wyoming, USA, and backed by top investment firms in the US and UK, **PETROX CORPORATION** has established itself as a key player in the global energy landscape. We pride ourselves on delivering high-quality petroleum products, including **EN590 Diesel**, **A1 Jet Fuel**, **JP54**, **D2**, and **D6**, meeting the growing demand for refined oil products across diverse industries.

At **PETROX CORPORATION**, we are not only committed to operational excellence but also to driving innovation in sustainable energy practices. Our focus on efficiency, safety, and environmental responsibility defines our approach to energy production and distribution. Through strategic partnerships and a forward-thinking mindset, we aim to create long-term value for our stakeholders, ensuring that we remain at the forefront of the oil and gas industry while contributing positively to the global energy transition.

PETROX
CORPORATION

Welcome Message

Arafat BOUCHAFRA

President

As President of **PETROX CORPORATION**, I am proud to welcome you to our company. At **PETROX CORPORATION**, we are driven by a commitment to excellence, innovation, and sustainability in the oil and gas industry. With our expansive global presence, from exploration and extraction to refining and distribution, we are dedicated to delivering energy solutions that power progress and improve lives worldwide.

Our journey has been shaped by the dedication of our talented team, our partnerships with industry leaders, and our unwavering commitment to meet the energy needs of today while building a better tomorrow. At **PETROX CORPORATION**, we strive to lead with integrity, foster collaboration, and leverage cutting-edge technology to deliver value to our stakeholders.

Whether you are a partner, investor, or valued client, we are excited to have you join us on this journey. Together, we will continue to push the boundaries of what's possible in energy innovation and make a lasting, positive impact on the global energy landscape.

Thank you for being part of the **PETROX CORPORATION** family.

Warm regards,

Vision & Mission

Vision

At **PETROX CORPORATION**, our vision is to be a global leader in the oil and gas industry, pioneering sustainable energy solutions that drive progress and enhance lives. We aim to set the benchmark for innovation and efficiency in exploration, refining, and energy distribution, while embracing our responsibility to the environment and future generations. Through advanced technologies and strategic partnerships, we envision a future where energy access is not only reliable but also contributes to a cleaner, greener planet.

Mission

Our mission at **PETROX CORPORATION** is to provide the highest quality petroleum products and services that meet the growing energy demands of our global community. We are committed to operational excellence, fostering innovation, and ensuring environmental sustainability in every aspect of our operations. By empowering our workforce and strengthening our stakeholder relationships, we strive to create long-term value, delivering energy solutions that fuel progress, drive economic growth, and make a positive impact on society.

Milestone

2024

In 2024, **PETROX CORPORATION** is expanding its footprint across emerging markets in Africa, South America, and the Middle East. By forming strategic alliances with local governments and industry leaders, the company strengthens its supply chain and ensures long-term partnerships.

This year marks a significant boost in our efforts to become a truly global leader in the oil and gas industry, showcasing our commitment to growth and sustainability.

2025

In 2025, **PETROX CORPORATION** will take a significant leap by integrating renewable energy into its operations. Through investments in research and sustainable technologies, the company plans to drastically reduce carbon emissions and

improve operational efficiency. This pivotal year will see **PETROX's** increased focus on cleaner energy solutions, laying the groundwork for wind and solar energy projects, setting the stage for a greener and more sustainable energy portfolio.

2026

By 2026, **PETROX CORPORATION** will complete the launch of a cutting-edge refinery hub with a capacity of 100,000 barrels per day. Equipped with the latest technologies, the hub will optimize energy use, reduce environmental impact, and meet

global demand for refined products. This new hub will reinforce **PETROX's** position as a leader in the industry, supplying high-quality fuels such as EN590 diesel and Jet Fuel A1 to international markets.

Our Service

PETROX
CORPORATION

PETROX CORPORATION offers a range of services in the oil and gas industry, including **exploration, drilling**, and **refining of crude oil**. The company specializes in **logistics and storage solutions** for refined products like EN590 diesel, Jet Fuel A1, and JP54. Additionally, **PETROX CORPORATION** excels in building **long-term partnerships** with local governments to secure energy resources and fuel supply chains globally.

Individualization

At **PETROX CORPORATION**, our **individualized services** span the entire lifecycle of the oil and gas industry, from **exploration and drilling** to the sale of refined products. We offer comprehensive **exploration and drilling services**, utilizing cutting-edge technology to locate and extract crude oil and natural gas. Our **refining solutions** ensure that raw materials are processed into high-quality products such as **EN590 diesel, jet fuel, and other oil derivatives**. Additionally, we manage **transportation and logistics** to efficiently deliver these products to global markets, ensuring both timely and cost-effective distribution. From **exploration to final sales**, **PETROX CORPORATION** provides end-to-end services tailored to the specific needs of each client.

How We Work

1

Precision and Innovation

At **PETROX CORPORATION**, precision is at the core of everything we do. We begin every project with a thorough assessment of geological data, ensuring that our exploration and drilling efforts are based on the most accurate information available. Our highly skilled teams use advanced technology to guide each phase, minimizing risks and maximizing yield. From the initial survey to the final delivery, we prioritize **efficiency, safety, and innovation**, making sure every step meets the highest standards.

2

Collaboration and Expertise

Collaboration drives our success. We believe that combining the expertise of our talented engineers, geologists, and project managers with cutting-edge technologies allows us to tackle even the most challenging projects. By fostering open communication with our partners and stakeholders, we create an environment where **transparency and teamwork** flourish. Whether it's during exploration, refining, or logistics, our collaborative approach ensures we deliver results that meet both operational and environmental goals.

3

Sustainability and Responsibility

We are committed to working with an eye on the future. At **PETROX CORPORATION**, we integrate **sustainability** into every aspect of our operations. From responsible extraction techniques to the efficient use of resources during refining, we are continuously seeking ways to reduce our environmental footprint. Our transportation and storage solutions are designed to minimize emissions, ensuring that our operations not only meet today's demands but are also aligned with the **global shift toward cleaner energy practices**.

PETROX
CORPORATION

Our Projects

At **PETROX CORPORATION**, our projects span the globe, focusing on energy solutions that are sustainable and impactful. Each project embodies our commitment to innovation, safety, and environmental responsibility, ensuring long-term benefits for our partners and the communities we serve.

Project 01

Expanding Global Partnerships in Crude Oil Exploration

PETROX CORPORATION is advancing strategic partnerships in crude oil exploration and extraction across Africa, the Middle East, and South America. Utilizing cutting-edge seismic technology and environmentally conscious drilling methods, we are poised to unlock significant reserves. Our future projects will focus on strengthening local economies while maintaining operational efficiency, ensuring minimal ecological disruption. These initiatives underscore our commitment to delivering energy solutions in challenging environments globally.

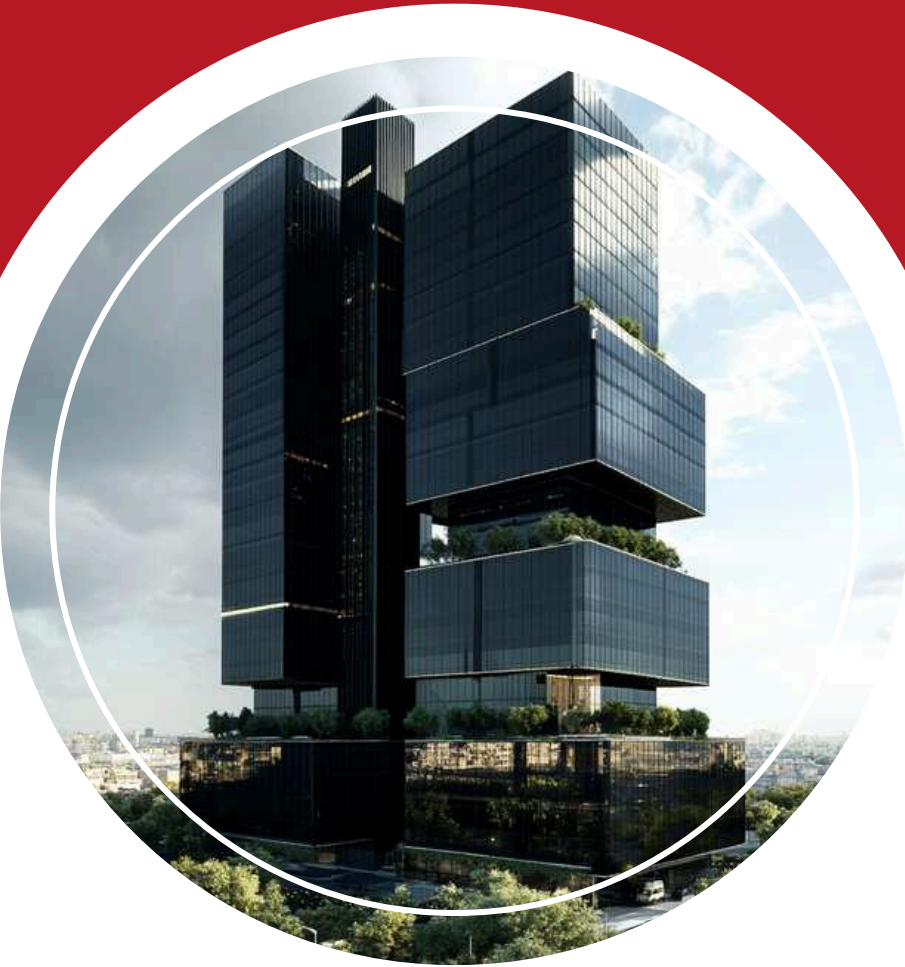

Project 02

Advancing Energy Security Through Innovation in UAE

In the UAE, **PETROX CORPORATION** is leading the development of a cutting-edge oil refinery to address the growing demand for refined petroleum products such as EN590 diesel, A1 Jet Fuel, and JP54. This project aims to enhance regional refining capacity while also maintaining strategic international partnerships to meet energy needs. By implementing advanced technologies, **PETROX** boosts output and efficiency, reducing emissions and aligning with its long-term sustainability goals. The balance between local production and global supply ensures a secure and reliable energy future.
